

# UNPACK N' PLAY

## Program Rules

1. Unpack 'N Play is a free **registered** 12 week program designed for you and your child to **participate together**: play, learn, strengthen the parent-child bond, socialize with other parents and have fun! Please participate with your child/ren together as much as you can in **each activity**!
2. To fully benefit from the program, attendance of at least 75% is encouraged. Please **be on time** and be prepared to **stay until session ends**. If for some reason you can't make it to a session or not able to be on time/stay until session ends, please notify your facilitator by e-mail, phone or in person.
3. The final session is a **field trip**. Attendance of 75% from the date of registration, and following all rules is required to attend the field trip. Sessions missed due to communicated illness/health issues won't impact your eligibility for the field trip. Only registered participants can participate on the field trip free of charge.
4. The Program Facilitator will be available to answer questions after the program ends, if needed. This is a good time to discuss handouts, developmental screening, or program related questions. Parenting workshops are available through City West.
5. Because of hygiene and safety issues, **outdoor shoes are not permitted** during sessions. Please bring soft soled shoes (non marking) or slippers, if you wish to wear footwear.
6. Snack time is around 11:00am (or right after craft time). Make sure you provide a nut free snack at a designated area, away from books and toys. Please do not share food (and other items) and maintain physical distancing.
7. Pictures may be taken for the agency use only. Please limit cell phone use and avoid recording other participants on your phones, for privacy reasons.

**THANK YOU!**
